MRS. A. F. MACDOUGALL

Twelve years ago Mrs. Alice Foote MacDougall of New York city was left a widow with three small children and $38 cash. With the necessity of making a living facing her she invested the $38 in coffee, which she sold to friends. This was the start of a business which now pays Mrs. MacDougall a gross profit of around $50,000 a year. She is the only woman coffee importer in the country.

RAILROAD MEN READY TO JOIN BRITISH STRIKE

STEAMER SERVICE CUT

Striking Coal Miners Maintain Order, Parliament Discusses Remedy.

London—There were no new developments Tuesday in the coal strike, which began last Saturday. In all the coal regions, where the men have laid down their tools, order was maintained by the strikers.

One feature of the situation tonight, which bore possibilities of the widening of the strike, was the prospect of the 25,000 London commercial road transport men ceasing work.

The men on Saturday night passed a resolution declaring themselves as fully supporting the miners. A conference was to have been held Tuesday to take final action on this resolution, but the meeting was adjourned until Wednesday.

Meantime orders have been issued to branches of the union throughout the country to have their strike organizations prepared. Should the transport workers in all parts of the country walk out, it is estimated that 180,000 men would be involved.

GROWERS HOLD WHEAT FOR HIGHER MARKET

Spokane (Wash.)—Wheat growers of Washington and Idaho, members of the Washington Wheat Growers' Association, are holding 400,000 bushels of wheat in warehouses awaiting a market of $2.50 a bushel or more, it was stated by George C. Jewett, president of the association. He said his association had not joined a movement reported from the Middle West to hold the wheat for $3.

KING ALEXANDER REPORTED DEAD

Roman Newspaper Publishes Wireless Report Telling of Demise.

London—The Central News Rome correspondent said Tuesday night that the Giornale d'Italia published a report obtained by wireless from the Greek steamer Brindisi that King Alexander of Greece is dead.

The last bulletin received by Reuter's Limited from Athens, timed 11 o'clock Tuesday morning, said the King's condition was unchanged.

Athens — King Alexander, whose condition, due to infection from a monkey's bite, has been most grave, seemed worse today, owing to congestion of the lungs.

Newspapers here speculate on his successor, should his illness terminate fatally. A number of foreign princes are suggested for the throne. It appears that Prince Charles of Belgium, younger son of King Albert and Queen Elizabeth, is the favorite.

HEAVY RAINS GIVE WORRY TO RICE MEN

Chico—The continued rainfall in Chico and vicinity looms as a serious factor in the harvesting of the rice crop, and rice men are beginning to scan weather reports more anxiously. Already some rice has been damaged on the West Side by the rain, according to Duane Clark, formerly of Chico and now working in the rice fields near Willows, who was a visitor here Tuesday. Clark says the rice ready for harvesting has been knocked down by the rain, but where the water has not yet been drained from the fields the crop is safe. The rainfall here Tuesday up to 5:40 o'clock was .24 of an inch.

O. H. Wyckoff, prominent in tailoring circles along the Pacific Coast, died in Los Angeles last week after a brief illness.

Nine thousand six hundred and seventy students are in attendance at the University of California, according to statistics issued recently.

CAMPBELL LEADS IN CONSOLIDATION

The consolidation of grammar school districts and formation of union high school districts is spreading rapidly and the resultant advantages are becoming more and more evident.

In our own county several units have been organized and others are in process of incubation and before we realize it will be hatched into full sized schools including several distrcicts. In our immediate vicinity the leaven is at work. Cupertino has several districts united and a wonderful new school house soon to be in use; Santa Clara is working to get more territory and Saratoga has the consolidation bee in its bonnet.

Campbell has made a good beginning and now the other districts which rightfully and naturally center about us should be united. Some of these are ready and anxious to consolidate and only await the necessary steps Such a union does not involve immediate housing under one roof but is the beginning of a better and more complete education for our children.

We are publishing the first of a series of articles on the advantages of consolidation which we hope will convince the most skeptical of the real value to the present and coming school children of an enlarged school district.

A Better School Plant and Equipment

Consolidation must necessarily do away with one or two room or even four room school buildings and house the larger group of children in a larger and commodious one. The country school house is often bad from nearly every point of view. It is incorrectly lighted, heated, ventilated and equipped.

Very often there are small grounds without sufficient water for the study of agriculture, the one fundamental science which evry rural child ought to study.

Many of the buildings are in bad repair and the toilet facilities are usually a menace to both health and good morals. Consolidation replaces these with sanitary toilets, proper lighting and ventilation, a better equipped playground and proper instruction in gardening and elementary agriculture.

It affords better facilities for teaching, such as a good laboratory, a moving picture machine, graphophone, piano etc. One of each of these expensive articles, as well as many others, in this central building will serve the children from all the schools that unite, whereas as it is each of the schools usually has but one of these, or if they do have more, think of the unnecessary money invested that could be serving another purpose if the pupils we re housed in one good building.

WATCH US IMPROVE

The citizens of Sunnyside met Monday evening, October 18th, to discuss with Mr. Ralph Hyde the laying out of a new water main through Sunnyside. The R. R. commission has granted the Campbell Water Co a franchise to furnish water to that section and Mr. Hyde means that we shall have the best of service.

The meeting came to order with Mr. Guy Merriman in the chair and Mrs. Clara Baldwin acting as secretary.

After the water business was satisfactorily disposed of the meeting formed itself into a permanent organization to be called the Sunnyside Improvement Club.

The meeting adjourned to meet Monday evening, October 25th at the residence of Mrs. Cora Marshall to elect permanent officers and lay out plans of work for the coming year.

Watch us improve!

BOYS' BAND FESTIVAL BIG SUCCESS

The Band Boys' Festival was a big success, financially and socially. The receipts were about $125 as estimated with what has not yet been turned in for tickets. With about $15 expense the band will net $110 which will be applied toward the organization indebtedness.

The Campbell Improvement Club donated five dollars to the band as a token of its appreciation o fthe work the boys have done. President Dr. W. I. Merrill made the presentation. For this and other donations made for refreshments and the kindly assistance and patronage of all who helped to make the affair such a success, the band extends a vote o fthanks.

Mrs. Harry C. Smith in a few remarks stated the occasion for raising money as the band had been advanced $120 to get equipment and supplies. Mrs. W. S. Shelly sang two pretty solos, accompanied by Miss Bozena Kalas at the piano.

The dancing exhibitions by two of Miss Vaudine Putnam's small pupils were very well received, those of the baby captivating the house.

W. C. Bohnett who has so faithfully labored with his musical recruits, has the hearty thanks of theentire community. He has donated his services which has meant considerable inconvenience and time. It is the desire of the management to organize the band on a business basis that Mr. Bohnett's services may be secured for the coming year for the boys' band is a constant advertisement of the progressiveness of our community and the town should see that it is kept alive and interested. We are proud of our boys' dand.

FAREWELL, MISS KALAS

Mr. and Mrs. Jan Kalas entertained a company of grownups Wednesday evening in honor of their daughter, Miss Bozena, who leaves Tuesday for New York.

The time was very pleasantly passed with music and conversation. The guests were delighted with this opportunity of enjoying music that these two families of artists so generously supplied. The concert included trio numbers by Prof. Joseph Halamicek; violin, Prof. Jan Kalas, violincello; and Miss Bozena Kalas, piano. There were also solos by Miss Kalas and her father, and two charming vocal solos by Miss Helen Kalas, who is studying with Mrs. Warren Allen. The last treat was a number of Bohemian folk songs sung by Mr. and Mrs. Kalas and Miss Helen. Dainty refreshments were served and the guests reluctantly departed, loathe to end such a musical feast.

This evening another company will be entertained at this hospitable home, including pupils of Miss Kalas.

It is seldom that so young a student has attained the standard that Miss Kalas has, and Campbell is proud to be represented in the music center by such a talented artist, and will be equally glad to welcome her upon her return.

A party of enthusiastic Epworth Leaguers went to Gilroy Tuesday evening to attend the county executive committee meeting. It was there decided to hold the next county rally at Campbell, Nov. 16. A county basketball league was formed which will add to the enthusiasm by friendly contests.

The party from Campbell, chaperoned by Rev. F. C. Farr, consisted of E. B. Baugh, Margaret Austin, Jas. Huntley, Margaret and Pauline Blaine, Wayne Davis, Cora and Eva Mitchell and Willard Farr.

PASS THE HARRIS LAW

The Citizens' Committee to pass the Harris Law, of which Lieutenant-Governor C.C. Young is chairman, calls attention to the scandals in New York, Chicago and San Francisco in connection with the enforcement of the National Prohibition Amendment, as follows:

"This sort of thing is not to be winked at or made light of. These breaches of the law, which have reached the largest proportions in the three large cities named, are due primarily to the fact that in none of the three states, New York, Illinois or California, have state enforcement acts, such as the Harris Law, have passed. The result is that the Federal officials have more to do than is physically possible.

"Twenty-seven prohibition officers and two federal courts are expected to police the entire state of California. When they fail to do it thoroughly, the cry goes up that "Prohibition cannot be enforced."

"The Harris Law will add 20,000 peace officers and more than a hundred courts, and without a single additional dollar of expense, to the absurdly insufficient number of Federal officers and courts now on the job.

"Then prohibition will be enforced just the same in these states as it is in the other forty-five states of the union, not perfectly at first, but with increasing efficiency.

"Under present condit ions a vote against the Harris Law is as much an act of law defiance as was obstruction of the draft or other war measures when we are at war."

Chester H. Rowell, publisher and editor of the Fresno Republican, has taken the stump in favor of the Harris Law. On October 14th he spoke before the Civic Center of Berkeley and also at the College Women's Club.

Rowell, through the columns of the Fresno Republican, has for many years waged a fight in favor of prohibition and he regards the passage o fthe Harris Law as the duty of California as well as a very practical benefit to California.

ROOSEVELT DAY

Roosevelt Day will be appropriately celebrated at the Roosevelt Tree on Campbell high school grounds, October 27, at 3 p. m. The committee in charge has arranged a program in keeping with the occasion, in which all the people of the community are urged to participate. The following is the program:

Patriotic music—Boys' band.

Back to Most Miles per Dollar

Now, more than ever before, car owners should buy tires on the sensible basis of low cost per mile

Mileage alone can reduce tire costs.

The significance of the Firestone pledge, most miles per dollar, strikes home today with renewed force.

For 20 years it has been the energizing influence back of every Firestone activity.

You may buy tires for less than the Firestone price, but you can't buy mileage for less than Firestone furnishes it.

For this reason most miles per dollar means more to you now than ever before.

Fresh Seeds
Hubbard Squashes
Halla's Superior Coffee
More Flavors of
Excelo Cake Mixture

The way that the ground is sprouting weeds and wild grasses is most amazing, and a little disconcerting. But soil that will sprout wild things is fertile for domestic ones. Early rains mean early vegetables. We have fresh seeds—onion sets too. Seed packages are 10c this year. Onion sets are 12½c a pound.

Those Hubbard Squashes make delicious pies. Squashes sell by weight. They are not expensive. Here's a great big one that comes to 50c, and then here's a little one that's only 20c. We said squash pies are delicious because we have tried them. When you have tried them you will say so too.

Halla's Coffee needs no introduction, for its friends have spread its reputation far and wide. But we have sold this coffee only a short time, and this is our first advertisement of it. We wanted to test it quietly. It's good. The Halla flavor is different. The price is 45c.

Excelo Cake Mixture we had at first in two flavors. Now we have four: vanilla, lemon, chocolate and devil's food. 35c is the price of all but the devil's food, which is 40c.

CLOSE FIGURING

The problem today is to keep outgo well within the bounds of income.

Close figuring may reveal more ways to create a surplus each month. A good plan is FIRST to set aside a certain sum each week, or month, to deposit in a Savings Account—no matter if the amount is only a dollar or two. You will be ahead that much. Soon you will have some interest coming your way.

Try some close figuring. You'll find a lot of satisfaction in distributing your income in a systematic way, —and—the profit from your efforts is all yours.

TAXES-1920

Office of the Tax Collector, County of Santa Clara, State of California. San Jose, California, October 1st, 1920.

Notice is hereby given that the Taxes for year 1920 will become due and payable: First Installment—The tax on all personal property, a lien on or secured by land, and one-half of the tax on all real property will be due and payable Monday, October 18, 1920, and delinquent December 6, 1920, at 5 o'clock p. m., when 15 per cent will be added to all of said first installment remaining unpaid. Second Installment—The remaining one-half of the tax on all real property will be due and payable January 15, 1921, and delinquent April 25, 1921, at 5 o'clock p. m., when 5 per cent will be added to all taxes remaining unpaid.

Taxpayers may, if they desire to do so, pay the whole tax at one payment.

For the purpose of receiving taxes I will be at the Garden City Bank, in the Town of Campbell on Wednesday, Oct. 27, 1920, during banking hours, and at my office in the Hall of Justice Building, cor. St. James and Market Streets, San Jose, California, daily, Sundays and Legal Holidays excepted, from 9 o'clock a. m. to 5 o'clock p. m., to and including Monday, December 6, 1920, and Monday, April 25, 1921, at five o'clock p. m.

The Second Installment is payable at my office in the Hall of Justice Building, San Jose.

THOMAS BODLEY,
Tax Collector of Santa Clara County.

THREE CANDIDATES FOR SUPERIOR JUDGE

The overwhelming plurality accorded Judge Gosbey and myself at the recent primaries has created the popular impression that the contest for Superior Superior Judges ended with that election. This is not literally true. Under the primary law a third candidate, though polling only 5073 votes as against 11,682 for Judge Gosbey and 8,449 for myself, is entitled to have his name appear on the ballot.

I wish to again express my gratitude for the fine endorsement given my candidacy by the voters of Campbell and vicinity. At the primary election, Campbell precincts cast 207 votes for me as against 84 for the third candidate referred to. Knowing the independent and informed character of the voters of this community I have no fear that the vindictive policy maintained toward me by a San Jose personal organ of publicity will prevent my primary lead of nearly 3500 votes from being proportionately increased in November.

Respectfully,
F. B. BROWN.

ADDRESS BY FLOYD C. SHANK

Speaking in the new Campbell theatre, Floyd C. Shank of San Francisco, prominent welfare worker at Camp Fremont during the war, explained the anti-compulsory vaccination amendment which will appear on the November ballot as Number 6. He made it very clear that this amendment is not opposing vaccination or inoculation, but will permit every normal, healthy child to attend the public schools or university without having vaccination or inoculation forced upon him against the conviction of his parents or himself. He said:

"Amendment No. 6 in no way alters or affects any quarantine, sanitation or health law. It deprives no one of vaccination or inoculation who desires to have them. Other states have abandoned compulsory vaccination in the schools and have had no bad results. North Dakota has for several years had such a law as this amendment proposes. Utah has had such a law for 13 years and the same may be said of Illinois and Minnesota.

"There were cases of smallpox in our army, and, as you know, every man was inoculated which proves that inoculation or vaccination is not a sure preventative.

"There were many bad results from inoculation among the soldiers. Statistics don't show, of course, but ask some service men you know whether they, or any of their comrades, ever suffered bad results from inoculation. No death certificate ever shows vaccination as the cause of death, because these is no such disease. Vaccination causes disease and the disease causes death, so the records all show death from some other diseases. We must consider all these facts when listening to or reading statistics."

SYER SENTIMENT GROWS RAPIDLY

That Robert R. Syer will be elected superior judge on Nvember 2nd, is becoming more apparent every day. At the primary election the vote was divided among five candidates. Two of these were eliminated leaving only three in the final contest for two places. Of the unsuccessful candidates John G. Jury received 5002 votes and Thomas R. Dougherty 4385, or an aggregate of 9387 votes.

Since the primary Jury has publicly endorsed Syer's candidacy, and the men and women who worked for Jury, as well as those who worked for Dougherty are enthusiastically boosting for Syer. Those who are "in the know" confidently predict that at least 75 per cent. of the Jury and Dougherty votes will be cast for Syer at the general election. These votes added to those he received at the primary will insure his election. Besides, he is gaining thousands of votes which were not cast at all at the primary, so that his total vote will be large.

In this connection, it is interesting to note the vote for County Superintendent of Schools in Santa Clara County in 1918. At the primary election D. T. Bateman received 9872 votes, Miss Agnes Howe 6927 and Mrs. Glasson 5590. Mr. Bateman's lead over Miss Howe was, therefore, 2945. Yet at the elecetion in November, Miss Howe won with a majority of 916 over Mr. Bateman. This was a greater change by several hundred votes than is required to elect Syre and the votes cast for the eliminated candidate amounted to only 5590 votes as against 9387 votes cast for eliminated candidates in the contest for judicial honors.

The shift of Jury and Dougherty votes for Syer has been so decided and his support in other quarters has developed so rapidly since the primary that Syer's friends have no doubt of his election. They are, however, redoubling their efforts in his behalf and will continue their work until the polls close Novmber 2nd, that he may receive the large majority which they belive he richly deserves.

Syer for Judge Committee.

You Should Vote YES on Chiropractic Bill No. 5

BECAUSE It provides for **Competent** Chiropractors to practice...

BECAUSE, It protects the public by eliminating the **Incompetents.**

BECAUSE, It does not interfere with **Any Other** health method.

BECAUSE, 26 States (more than ½ of the population of U. S.) have **Already** legalized the practice of Chiropractic.

BECAUSE 88,000 voters of California signed a petition **Requesting** the passage of this bill.

BECAUSE, You should be free to choose your method of healing as you are to choose your method of worship.

BECAUSE, This bill is **Self-Supporting,** and not a drain upon the tax payers.

BECAUSE, Chiropractic has **Really** accomplished great results for humanity.

BECAUSE, Medical **Boards** are not qualified to examine Chiropractors as Chiropractic is not taught in medical schools.

BECAUSE, It is your duty as an American to promote the health of your fellow citizen by voting to make it possible for him to use Chiropractic if he desires.

LET'S GO FORWARD, NOT BACKWARD.
